what is face mapping®? It's FREE

Face Mapping® is a revolutionary approach to skin analysis. Rather than analysing the skin in general terms face mapping divides the face into 14 different zones each with its own unique needs.

Using the face map as a guide. The therapist can then address each problem individually in order to suggest a guaranteed homecare treatment.

Designed for both men and women

Full range of homecare products available to purchase

30 Minute Micro Zone Facial £32.00
Course of 3 £90.00

Expert Therapists will analyse your skin then perform a zone specific treatment designed to solve your skin problems in 20-30minutes. Micro Zone treatments are a quick fix for troubled skin that's cost effective and doesn't require changing. The ideal maintenance between dermalogica skin treatments to target problem areas.

60 Minute Luxury Facial £50.00
Course of 3 £141.00

This is a treatment to analyse the skin and allow total relaxation using steam if necessary, to double cleanse and exfoliate. Skin will be face mapped to diagnose skin type followed by a pressure point massage including neck and shoulders. While your mask is on hands will be cleansed and massaged followed by toner and moisturiser.

Powerful Treatments
